

On November 1, 2019, New Hyde Park Road will be reduced from four lanes to two lanes between 4th Avenue and South Park Place in the Village of New Hyde Park. During peak periods, queueing and delays are expected on New Hyde Park Road as vehicles filter through the construction area. Drivers are urged to pursue alternate north / south routes to avoid the lane reduction:

1. Tulip Avenue
2. Covert Avenue
3. Nassau Boulevard
4. Herricks Road
5. Plainfield Avenue

Each alternate route provides north/south connectivity within Nassau County and connections to major routes such as Jericho Turnpike, Hillside Avenue, and Hempstead Turnpike.

As always, please visit our website at www.LIRRExpansion.com for more information about the project, and make sure to register for the project's mailing list at <https://LIRRExpansion.com/register-for-updates/>.

Email us at CommunityOutreach@LIRRExpansion.com or call the projects **24-hour Hotline** at **516.203.4955**. You can also set up an appointment at the project's Community Information Center located at 114 Old Country Road in Mineola.
