**FOR IMMEDIATE RELEASE:**

**GC's Continuing Education trip to South Shore wetlands**  
By Doug Sheer, Community Program Coordinator

A beautiful sunny day greeted the 12 kayakers from Garden City School District's Continuing Education program who registered for a trip through the wetlands of the South Shore on Saturday, September 10<sup>th</sup>. Arriving at high tide enabled the group to paddle through the cuts in the marsh islands and observe the wildlife that inhabits this unique environment. After instructions on entering the kayaks the group was shown how to paddle effectively when making turns and backing up before they headed out on their 1 ½ hour adventure. Mr. Sheer, Continuing Education Coordinator, talked to the group about the birds and other wildlife found throughout the wetlands and the important role the marshes play during flooding. Another exciting kayak excursion will be held in the spring of next year.
