GENERAL INFORMATION

This is the time to register your children for the Garden City Public Schools Summer Enrichment Program. Registration will take place during the month of May. Space is limited so we will register on a first come first serve basis.

This summer, the entire program will be held at Stratford Avenue School. We will have tables set up in the hallway as you enter the building should you need assistance.

The program for children in the second, third, fourth and fifth grades will again offer a variety of courses. You will be able to select the courses your child would like to take each week. You may also choose to take only one course per week or any combination over the four weeks. We will continue to offer the option of registering for one week, two weeks, three weeks, or all four weeks. The Cluster Programs for the Pre-K, Kindergarten and First grades will remain the same – more details are on the following pages.

Our middle and high school students will once again have the option to take courses this summer. They may take one a day, or two a day for one week, two weeks, three weeks or all four weeks. Also, middle school and high school students may volunteer to be an aide in the program as in the past, or a combination of taking a course for one period and volunteering for the other. Please note we will be limiting the number of volunteers that we will be able to accept. Forms may be found in the guidance or attendance offices of the Middle and High School as well as online.

Once again we will be having a special offering this summer – LEGO ROBOTICS. It is open to our third, fourth, fifth and sixth grade students. The course will run the entire morning for one week. A description can be found later in this brochure.

We will also be offering again two popular high school classes – College Essay & College Application. Look for them in our brochure.

We are offering three new courses. One special course will American Sign Language for Beginners. Students in Second Grade through Middle School will have an opportunity to take this class. Our second new course, Coding Class, is aimed at our students in Grades 2 through 5. Our third new class, Clinic for Pitchers & Catchers is for middle school students. Look for them in the brochure where you will find all the information.

The program is open to all Garden City School District residents from those entering kindergarten in the fall of 2015 through the current eleventh grade. The program hours will be 9:00 a.m. to 12:00 p.m. each weekday from Monday, July 6th to Thursday, July 30th.

Please read all the enclosed information carefully before you register, as there will be no refunds or credits given.

THIS IS IMPORTANT - Please enclose a self-addressed envelope so that we may send you confirmation of your enrollment. For privacy reasons please do not accept calls for confirmation over the phone. Your self-addressed stamped envelope is your means of confirmation. As always, the Summer Enrichment Program is dependent on the successful passage of the school district’s budget.

Questions or concerns may be directed to Mr. Joseph Papa or Ms. Virginia McCavera Summer Program Teacher/Administrators at 478-1540 or email at – summerenrichment@gcufsd.net.
PROGRAM OVERVIEW

The program hours are 9:00 a.m. to Noon at Stratford Avenue School

PRE-KINDERGARTEN (Stratford School - the classrooms are on the Kildare side of the building)

The Pre-Kindergarten Cluster Program is designed for those children entering Kindergarten in the fall of 2014. The program is a language-based program, offering children a wide array of language experiences. The children will be involved in three to four activities a day.

*Parents are asked to send each child with a drink and snack each day and to accompany the child to and from the classroom at the beginning and end of each program day.

SECOND - THIRD - FOURTH – FIFTH GRADES
For our current Second through Fifth Graders, we will be offering a variety of courses. The students will be able to choose two different courses each week. Thus if they choose to attend all four weeks, they will have the opportunity to take eight courses. Please review the selections and the times they are offered.

MIDDLE AND HIGH SCHOOL
We will be offering a variety of courses for our middle and high school students Writers’ Workshop, College Essay, Jumpstart the College Application Process, Clinic for Pitchers and Catchers, American Sign Language, Computers, Golf, and Stock Market Club. The fee is per class per week not per day – see registration form.

*SPECIAL COURSES – “LEGO ROBOTICS” - OPEN TO CURRENT THIRD, FOURTH, FIFTH AND SIXTH GRADE STUDENTS.
AMERICAN SIGN LANGUAGE – OPEN TO CURRENT SECOND, THIRD, FOURTH, FIFTH AND SIXTH GRADE STUDENTS.

REGISTRATION INFORMATION
Please register your child by his or her current grade.

All program registrations are subject to availability. Registration is on a first come first serve basis. Before completing one registration form for each child, read program descriptions carefully to ensure that the program selected is grade level and week appropriate. THERE ARE NO REFUNDS – so please be sure!

Each child’s registration form must be accompanied by a check for the appropriate fee. Please make checks payable to GARDEN CITY PUBLIC SCHOOLS. If this is not done correctly, it will hold up your registration.

MAIL-IN REGISTRATION
The deadline for receipt of mail-in registration is June 1st. They must be mailed to:

GARDEN CITY PUBLIC SCHOOLS
SUMMER ENRICHMENT PROGRAM
56 CATHEDRAL AVE.
GARDEN CITY, NY 11530

PROGRAM NOTES
The safety of our children is a concern to all of us. Let’s work together by following the guidelines to help ensure a safe and secure Summer Program.

- Please notify your child’s teacher directly about food allergies or concerns about which you want him or her to know.
- Children should not arrive prior to class time; supervision is not provided until the start of class.
- Children must be picked up promptly.
- On your child’s registration form, list two adults who may be called if you cannot be reached to take your child home at the end of class or in case of a minor accident and/or illness. Also, please read and complete the Emergency Release section of the form carefully.
- Pre-K, Kindergarten, and First Grade Cluster students must be escorted to and picked up from the classroom. Inform the teachers as to whom will pick up your child.

FIRST DAY INFORMATION – schedules will be posted throughout the buildings. PLEASE KEEP THE SCHEDULES and make a notation of your choices, second through fifth grade students as well as the Middle School and High School students should attend their assigned class.

For the children in the Cluster Programs – Pre-Kindergarten, Kindergarten, and First Grade – parents should bring them to their classrooms.

------THERE WILL BE AIDES POSTED THROUGHOUT THE SCHOOLS SHOULD YOU NEED ASSISTANCE.-------

Course Descriptions for current 2nd through 5th Grade Students

**Fun with Math – Room 225 – Mrs. Joyce**
If you like great math games and puzzles too; we have a workshop that is just right for you. We’ll roll the dice, play cards, make puzzles, and even order from the Mathematic Diner. These games will reinforce your math fact fluency and strengthen your problem solving skills. Topics will include the major operations, probability, geometry, money, and more. Instruction will be supplemented with math literature as well. The best part is that you get to go home with directions for the games learned and play them with your family and friends.

**Reading Club – Room 224 – Ms. Micciche**
Children will be engaged in reading nonfiction and fiction books to improve and enhance their reading skills. We will be looking through biographies, autobiographies, and fictional stories to learn more about character description. The children will participate in exciting crafts, projects, and games while also having fun reading this summer!

**Practical Photography - Room 221 – Ms. Davison**
We will cover the basic concepts of digital photography. Students will learn about different types of photography, features of a camera, and techniques to taking photographs. Activities will include going on photographic scavenger hunts, spelling words by capturing images around the school that create letters, and a special “guess what the object is” game. Pictures will be taken from different angles and distance and students will have to guess what the object is. The students will also combine Microsoft Word and photography to create a trading card of their choice.

**Science – Room 115 - Mr. Castellano**
The students will participate in science activities in the areas of Life Science, Chemistry, and Physical Science. The students will also build and launch their own model rockets.

**Camp Computer – Computer Lab - Room 229 - Mr. McAleese**
Students will experiment with programs such as Microsoft Word, Publisher, PowerPoint, Excel, Kidspiration and possibly Kidpix or Photoshop. Students will spend some time working with age appropriate websites. They will also have an opportunity to practice their keyboarding and learn to use a digital camera. Students will produce two projects.

**Lights, Camera, Action – Room 230 – Ms. LaTorre**
Students will get the opportunity to gain insight into what “goes on behind the scenes” in film and television while create their own commercials. They will get to decide what product they want to sell. Students will be creating these commercials using PowerPoint with its various tools and associated programs.

**Woodworking - Room 112 (Art Room) - Mr. Caputo**
Children will use basic hand and power tools correctly and safely to learn principles of wood construction and carpentry. Students will apply basic principles of using nails, screws and glue to assemble several projects.

**Team Sports and Games – S. Gym - Mr. Caparella**
Students will participate in fun and exciting activities such as, soccer, hockey, team handball, volleyball and so much more. Games will be motivating, creative and challenging to students of all ability levels.

**Cooking – Room 131 - Ms. Ryder**
Children will be the chefs in this introduction to cooking class. They will prepare original recipes that are easy to follow, fun to make and most importantly delicious to eat. Students will write down all recipes so they can recreate what they learned at home.

**Arts & Crafts – Room 116 - Mrs. Robinson**
The children will be exposed to different art styles and will use various art mediums to create a variety of projects. Each child must bring a white, 100% cotton T-shirt to the first class. Please place your child's name on the inside of the collar.
Middle School and High School Courses

Writing Workshop for High School & Middle School Students – Library - Mr. Rebolini
Offered for Middle School Students Week 2 at 10:30 a.m. -- High School Students Week 4 at 10:30 a.m.
This enrichment course will focus on persuasive writing while also giving students an opportunity to do some creative writing. Using “Write Traits” as a basis, students will have an opportunity to move through the writing process with consistent feedback from the instructor. Students will concentrate on identifying and correcting sentence errors. The course will culminate with a self-selected writing portfolio which will allow students to reflect on their growth as writers and thinkers. This course will provide excellent preparation for the new SAT.

Writing Your College Application Essay --- Library - Mr. Rebolini
Offered all four weeks at 9:00 a.m. and Weeks 1 & 3 at 10:30 a.m.
This course is for high school Juniors going into Senior year.
Learn how to write your personal college admissions essay. You can improve your chances of being admitted to a college by writing a successful essay. Writing a well thought out essay shows the admissions committee who you are -- more than just grades and test scores do. Writing your college essay can seem to be an overwhelming task. This course will help you come up with an idea for your essay and how to approach writing an effective one. The instructor will guide the students step-by-step though the process, constantly editing their work.
**Due to the personal attention given to each student, we must limit the enrollment to twelve students.**

Jumpstart the College Application Process! ----the small Computer Lab - Room 231 --- Mr. Doyle
Offered Week 1, Week 2 and Week 3 at both 9:00 a.m. and 10:30 a.m.
This course is designed for current juniors who are preparing for the college application process and who want to get a jump start. At the end of this week-long course, students will have a greater understanding of how colleges review applications. The resume/activity sheet will be discussed and students will participate in mock college interviews. The Common Application, along with the supplement sections required by certain colleges, will also be scrutinized. In addition, students will learn how to complete their application to highlight their strengths!
**Due to the personal attention given to each student, we must limit the enrollment to twelve students.**

Computer Technology for Middle School & High School Students – ----------------- Room 127
-Mr. Rochler
Offered – Weeks 2 & 4 at 10:30 a.m.
This class is offered for students in grades 6 – 8 who enjoy working on the computer. The class will use Microsoft Office Professional (Word, Excel, Access, PowerPoint) along with Adobe Photoshop in designing applications that will help prepare the student for the high school curriculum. Exploring the internet and participating in activities that are both fun and educational will also be a major component of this course.

(continued on the following page)
Golf for Middle School & High School Students – Meet in Room 127
- Mr. Rochler

Offered – Weeks 2 & 4 at 9:00a.m.
The Garden City Summer Enrichment program will be offering weekly sessions of Junior Golf Lessons. These lessons are for beginners interested in learning the basics of golf. Instructors will cover grip, stance & swing techniques. The goal is to have the junior golfers gain enough knowledge about golf so they can practice, play and develop the skills they need to play for years to come. A filmed analysis of each golfers swing will also be utilized as part of instruction. Golf clubs are limited so each golfer should bring their own clubs.

Newday’s Stock Market Game – for Middle School & High School Students
Meet in Room 127 – Mr. Rochler

Offered Weeks 1 & 3 at 10:30a.m.
Students will participate in Newsday’s Stock Market Game – Summer Edition --- They will learn the basics of finance and investing. Each student will receive an initial balance of $100,000 and will be asked to invest in the stocks listed on the American Stock Exchange, Nasdaq Stock Market and the New York Stock Exchange. During this simulation, students will gain a greater understanding of how stocks are traded and how to put together a successful portfolio.

Baseball Clinic for Pitchers and Catchers
Offered Weeks 1 and 3 at 9:00a.m.  Meet in Room 127

This is an opportunity for middle school athletes to learn skills that will enhance their overall performance with an emphasis on arm health, efficiency and velocity. The class will be run by a high school coach, Gene Rochler, who has more than 35 years of experience working with pitchers and catchers – many of whom have gone on to play in college and the major leagues. Hands-on instruction, coupled with extensive drill work, will ensure that the athletes will leave with a toolkit designed to enable them to become the best pitchers and catchers possible. The class will also include exercises to increase strength and conditioning while focusing on the proper mechanics for both positions.
We will be offering our very successful course in ROBOTICS again this summer for students in 3rd, 4th, 5th, and 6th grade.

This course, through the use of LEGO ROBOTICS KITS, will enable students to design, build and program small scale robots. Students will learn fundamental engineering and problem solving through challenging robotic projects. Each project will require participants to plan, collaborate and design their robots in groups of four with the guidance of a teacher and student aide. **Room 228**

The classes will be limited to 16 students and will meet for the entire morning from 9:00 a.m. to 12:00 p.m.- three hours. Attendance for each class is extremely important as each group will rely on each of its members for completion of important tasks.

**The fee for this class is $220.00 --- Week 4 is $176.00 due to the short week**

Please use the separate registration form “Lego Robotics” to sign up for this course.

Instructor: Ms. Boyd
CODING CLASS
For Grades 2 through 5

During this summer session students will be exposed to the new exciting technology that they have been learning and exposed to during school. This summer session will extend their knowledge and experiences greatly on the different types of technology that is out there. The students will be exposed to The Hour of Code, which gives them interactive courses for children to learn programming. Using such resources as: Coding Studio, Lightbot, Scratch.

Also students will be exposed a different type of programming using the Mindware Robot. Using this program, students will learn the basic computer programming skills as they set the course for this complex robot.

Instructor: Ms. Sandler

Room 227

Second/Third Grade Students
Week 1 - 10:30 a.m.
Week 2 - 9:00 a.m.
Week 3 - 9:00 a.m.
Week 4 - 10:30 a.m.

Fourth/Fifth Grade Students
Week 1 - 9:00 a.m.
Week 2 - 10:30 a.m.
Week 3 - 10:30 a.m.
Week 4 - 9:00 a.m.

The cost for this course is $50.00

Please use the separate registration form “Coding Class” to sign up for this course.

Please complete the registration form at the end of the brochure and mail it in.
Beginning ASL - American Sign Language

This class introduces students to the exciting world of American Sign Language. Students will learn to sign the alphabet and fingerspell words. Also, they will learn to sign basic words. The goal of this course is to enhance communication so students can interact with each other, with people in the deaf community and with other non-verbal people. Hands-on activities and games help to make learning fun.

ROOM 126

This course is for our second, third, fourth, and fifth grade students and middle school students.

Second/Third Grade Students
Week 1 - 9:00 a.m.
Week 2 - 10:30 a.m.
Week 3 - 10:30 a.m.
Week 4 - 9:00 a.m.

Fourth/Fifth Grade Students
Week 1 - 10:30 a.m.
Week 2 - 9:00 a.m.
Week 3 - 9:00 a.m.
Week 4 - 10:30 a.m.

GARDEN CITY SUMMER ENRICHMENT PROGRAM

VOLUNTEER AIDE FORM

1. Please complete all items and return the section below to Mrs. Patricia Lupo, Summer Enrichment Program, 56 Cathedral Avenue, Garden City, N.Y. 11530 by June 1. Late or incomplete applications may not be processed.

2. The program will take place at Stratford Avenue School this summer.

3. Applications will be accepted according to the order of their receipt. You must have completed Grade 6 or beyond by June 30, 2015 in order to be considered.

4. All grade levels, areas and sessions must be covered. Please remember that you are volunteering to help us have a successful program. We will place you in an area where we will need your assistance.

5. A letter of commendation, listing the number of hours you volunteered, will be sent to your school for placement into your file.

6. Volunteer hours are 8:45 am - 12 noon.

7. If you have questions or need to report a change in your availability our phone number is 478-1540.

8. Thank you for volunteering. We truly appreciate your help. Without our volunteers the program would not be the same.

9. Confirmation of assignment will be sent out

Please note: Due to the overwhelming number of volunteer applications we receive each year, we are limiting the number of weeks a student may volunteer to one week. This will allow a greater number of students an opportunity to volunteer. The number of volunteers needed depends on the overall program enrollment. Thus the number of volunteers has a limit. We accept applications in the order they are received.

Please save the above section for your reference,

-------PLEASE DETACH---------------------

PLEASE INDICATE YOUR PREFERENCE OF WEEK
