

November 20, 2020

Dear Garden City School Community,

We learned last night that a Stewart student whose class is currently housed at our Middle School and a Middle School student tested positive for COVID-19. Both of these students have not been in school since early this week. The Department of Health was notified and our internal contact tracing has been completed. Anyone considered as a possible close contact has been notified. Most recent cases have stemmed from a family member or an outside contact.

Please continue to follow [safety measures](#) including wearing a mask, social distancing and practicing hand hygiene. We all want our schools to remain open.

Thank you for your cooperation and your support to ensure the health and safety of our school community.

Sincerely,

*Kusum*

Kusum Sinha, Ed.D.
